DF LAB Sensor register standards and guidelines

Transparent Use of Sensors in Cities

Mieke van Schaik – City of Eindhoven
Strategic CIO advisor

EINDHOVEN

Stadt Leipzig

The start

Stadt Leipzig

Maturity

The use of
sensors

The use of a
sensor
register

Roadmap

The use of
sensor data

Guiding topics for the working group

- the quality and governance of the data used for the sensors,
- transparency measures accompanying their deployment
- At which stage in the deployment of sensors should cities consider transparency measures?
- Which role does the ownership of data play for sensors?
