Data Week Leipzig

21. – 24. Juni 2027

Call for Participation

LSWT2027 — 15th Leipzig Semantic Web Day

https://2027.dataweek.de

Dear colleagues,

The **15th Leipzig Semantic Web Day (#LSWT2027)** will take place on **23 June 2027** as part of **Data Week Leipzig**. Since 2009, Leipzig Semantic Web Day (LSWT) has brought together researchers, businesses, and organizations to exchange ideas on the latest developments and applications of semantic technologies.

As in previous years, the event will showcase the latest developments and trends in semantic technologies and data. This year's key topics include:

Key Topics

- Large Language Models and Knowledge Graphs
- Trustworthy and Explainable AI
- Semantic Technologies and AI for Industry and Science
- Knowledge Graphs for Enterprise AI and Knowledge Management
- Semantic Data Spaces, Data Products, and Industrial Data Ecosystems
- Cybersecurity, Software Supply Chains, and Knowledge Graphs
- FAIR Data, Metadata, and Intelligent Data Catalogs
- Semantic Layers, Data Fabric, and Interoperable Data Architectures
- Ontologies and Automated Knowledge Modeling with LLMs
- Knowledge Graphs for Sustainability and Real-World Applications
- Connected Society and Open Data

These key topics will be explored in presentations by experts from industry and academia. Would you like to contribute?

We warmly invite you to present your latest work in a **15-minute talk**. All presentations will be held **in English**.

We particularly **encourage submissions from women** working in the field of Data Science.

Please submit your presentation proposals by **15 January 2027** to **lswt@eccenca.com**

If you have any further questions, please do not hesitate to contact us.

We look forward to meeting you in Leipzig.

Best regards,

LSWT Organisation team
